Good afternoon,

We will add this location to our list for next week. We actually responded to this site on Monday after the shooting, but did not observe any weapons. We did not clear the encampment because we did not want to scare away any possible witnesses. I will contact Rampart Homicide and see how they would like us to proceed and keep you updated.

Respectfully,

Sergeant Arturo Siguenas

Thank you for responding to this ticket as well as letting us all know about the safety concerns at this area.

Victor & Mendez, please let us know if a HOPE team can respond as it sounds like it would be more appropriate for them to visit for future engagements.

Hi all,

I thought it would be pertinent to include everyone here in an email regarding LA-HOP request #6489 in the Pico Union area at 1432 Oak Street.

The request from 211LA noted a previous shooting at the site.

Judith and I arrived this morning to respond to the request and found a multitude of concerns. Needles were very abundant at the site, we had an individual watching us while we were there, weapons were visible along tents, and some younger individuals ran away when both outreach workers approached.

Best,

Patrick Mooney
